WATER, HONEY, MUSIC AND THE COSMIC DANCE

From Patagonia to the north, we connect with whales, mermaids, and the guardians of the Arctic, we weave a web of light with the world's waters, setting the stage for the PORTAL 8.8.8. In Baja California Sur, the birth of the PLASMA WATER awaits us, the integration of the third strand of DNA, in a dance of evolution and ascension.

Merlin's Calling: Co-Creating Magic

Merlin summoned us, joining our paths to co-create magic. This 8.8.8 in Baja California Sur, not only will we assist in an event; but as protagonists of a rebirth, we will be co-creators of a new dawn for Gaia and humanity. From the alchemy of waters and honey to the integration of solar energies, we are on the threshold of cosmic evolution.

👁️ Eye of the Whale: A Portal to Our Cosmic Self 🐋

This is a journey back to the cosmic womb to be reborn, bringing the light of our cosmic self to the surface, mutating not only in consciousness but in form, preparing us to integrate solar and plasma energies, to be, in essence, cosmic humans.

Invitation to Transformation

This is your calling. **A call to be a co-creator**, to be light, to be part of this evolving cosmic fabric. Together, in Baja California Sur, we will bring water plasma to life, anchor new realities, and embrace our true cosmic essence. Days of mission, magic, and mutation await us, in a retreat that marks the beginning of a new chapter in our cosmic history.

We recommend that you take with you:

- Comfortable and suitable clothing
- Comfortable shoes
- Crystals for recharging
- Pure raw honey for recharging
- Water and healthy snacks to share
- Spiritual tools
- Hat/cap or even an umbrella to cover you from the sun

COSMIC ITINERARY

Welcome to PORTAL 8.8.8: THE EYE OF THE WHALE, a groundbreaking event heralding a transformative journey towards a new Gaia, a new Lemuria, a new humanity. Set against the majestic backdrop of Baja California Sur, Mexico. August 6-9 is the cosmic convergence, a beacon for those called to the forefront of humanity's ascension.

Journey to a New Gaia

Immerse yourself in an experience that transcends the ordinary, where a birthday celebration is transformed into a profound cosmic connection.

Here, in the vitality of Baja California Sur, we delve into the essence of our existence, exploring the integration of a new energetic network within our chromosomal structure.

Mother Whale's guidance illuminates this path, her wisdom resonating from the depths of the sea, suggesting this sacred place for our gathering. Baja California Sur, cradled by tectonic plate movements, stands as a testament to the profound impact of planetary shifts and the influx of solar energy, making it the ideal nexus for our collective ascension:

🐋 THE EYE OF THE WHALE 🐋

🐋 **Day 0: Opening Ceremony. Tuesday 6 in the afternoon.** ☀️

Day 1: 7.7.7 - A New Gaia Consciousness Grid 🌈🌍

On the first day, we came together as Gaia Activators, to nurture the NEW GAIA CONSCIOUSNESS NETWORK - A MAP OF UNITY Uu Mie te·i·a.

This day is about raising the consciousness of the Earth, pollinating the THIRD strand of our ascending DNA into a helical hive structure, creating a divine orchestration of activations across the globe. We weave our individual energies into a unified cosmic tapestry, laying the foundation for the new human 12+1 (13) dUr-Rna DNA. 🌀

COSMIC ITINERARY

Day 2: 8.8.8 - Convergence of Waters

The second day marks a turning point in our journey, the Convergence of Waters with the Honey dUr-Rna giving birth to the Plasma Water.

From the heart of Mexico to the cosmic alignment in Baja California Sur, we discover the powerful blend of sacred waters and mother honey, a vital step towards creating plasma water. This day is a journey of enlightenment, light body activation, and deep connections with the cosmic androgynous self, guided by unicorns, Mama Whale, and Manta Rays to an underwater city of light.

Day 3: 9.9.9 - Cosmic Chromosome Awakening

On the final day, we awaken the Cosmic Chromosome, anchoring in the New Gaia Uu Mie te·i·a New Gaia Grid in the new structure of the new human chromosomes.

This transformation from a quadrilateral to a hexagonal cell structure reflects the evolution of our DNA, guided by the majestic whales, the ethereal mermaids, and the powerful energy of the tectonic plates of Baja California. Our journey from Patagonia to the North Pole, our interactions with the mermaids, the Arcturians, and the guardians of the north, culminate at this moment of cosmic mutation and evolutionary ascension.

Join the 88 Co-creators along with Kai, Ornai, Robert Coxon, Lilly Wong, and the Master Magician who brought us all together, MERLIN.

ONLINE SUPERGUESTS

We also have a surprise that we will reveal soon. But here's a hint, they brought us the wisdom of the Nulls and Nodes :-)

CASA TARA

Tara, the female deity of Buddhist meditation, is considered the Bodhisattva (or mother) of Universal Love and Compassion. Buddhists believe that, having achieved enlightenment on Earth, instead of transcending, she chose to remain in the world to help humanity raise its consciousness and liberate its souls.

Tara means "the one who enables living beings to cross the oceans of existence and suffering". It is her compassion for living beings and her desire to save them from suffering that makes her protect them like a mother protects her children.

At our luxury hotel in Baja California we work hard every day to build a platform where teachers from all over the world can come and share their wisdom, guiding you towards improving your mental, physical and spiritual well-being. Casa Tara, like a mother, is motivated by the deep desire to provide a nurturing and stress-free environment for all of our guests... A kind of safe haven created for you to let go and simply be yourself.

CERRALVO ISLAND

Baja California Sur

If you love to discover the secrets of the sea, Isla Cerralvo is for you.

One of the largest in the Sea of Cortez, it is one of the most beautiful natural settings in Baja California Sur. It is located in front of La Ventana and El Sargento. It is surrounded by an intense blue color that contrasts in an exceptional way with its surface, which is greater than 135 thousand kilometers, it is the ninth most important island in Mexico.

Its abundant biodiversity makes it a favorite for snorkeling and diving. You can see sea lions, giant manta rays, sea turtles, schools of colorful fish, and beautiful coral reefs. On the surface, there are also an abundance of boobies and other birds, as well as giant cacti and thousand-year-old cacti.

La Reina islet, north of Cerralvo Island, is one of the privileged places in Baja California Sur, as it is home to giant manta rays, besides being surrounded by abundant fauna. It is one of the main recreational diving spots for beginners and intermediate divers.
